Mr. Rody Cox United States Department of the Interior Bureau of Land Management Warm Springs Resource Area 55 East 500 North Fillmore, UT 84631

Dear Mr. Cox:

In response to your recent letter dated December 11, 1992, regarding mining activity on our Buffer No. 1 through No. 4, UMC No.'s 322401 through 322404 claims. To the best of my knowledge there has been no mining activity outside of the annual assessment work on any of the above stated claims at any time in the past 30 years. If you have discovered some indication of activity in this area it is strictly an act of illegal trespassing by some one other than myself.

In the event I decide to activate any of these claims in the future I will go through proper channels to insure our legality.

If I can be of further assistance in this regard feel free to contact me at 801-798-7355.

Sincerely,

Harold E. Davis

President
